STATE COMPTROLLER OPENS CONVENTION

We were honored to have our Comptroller of Public Accounts and friend of Texas Community Colleges, Carole Keeton Strayhorn, address the assembly last night. She helped kick off the 35th annual TJCSGA State Convention. She spoke of the importance of public and higher education in the state of Texas and of the commitment to imposing these issues. She supports the initiative helping high school stu-

dents have the opportunity to attend two year of college paid for by the state of Texas and she supports no sales tax for textbooks. Comptroller Strayhorn also addressed concerns about the lack of leadership in the State on big issues of health care and education and how she had made it her goal to fight for these issues.

“Texas is a great state but we can do better!”
